

Cyber Risks for the Boardroom: A Five-Part Series on what Directors Need to Know

May 19, 2014 | Blog |

VIEWPOINT TOPICS	
- Employment	Our sister blog, <i>Privacy and Security Matters</i> , has recently published a terrific series of blog posts on cybersecurity for the boardroom. This series explores the recent increase in focus on privacy issues, why
RELATED PRACTICES	directors should be concerned about data security breaches, the top questions directors should ask when it comes to coverage for cyber investigations, and what kind of cover is available for investigations and privacy violations. You can (and should) access the complete series, starting with this post.
