On May 3, 2017, USCIS announced that it has completed data entry of all H-1B cap-subject petitions selected in the FY2018 lottery. We continue to receive receipt notices for selected petitions. USCIS will now begin returning all H-1B cap-subject petitions that were not selected, together with their respective filing fees. USCIS has not provided a definite timeframe for returning these petitions, but has stated that it will issue an announcement once all the unselected petitions have been returned.
